## CD SONG LIST AND GUIDE

1. **Slow Down & Listen** (2:45) **Title Track** Upbeat with a catchy chorus
2. **Bayou Baby** (3:02) Feels and sounds as Cajun as its title
3. **Sell Me a Dream** (4:33) A mellow romantic ballad with a feel-good ending
4. **Sittin' Here Waitin'** (2:25) An automatic toe-tapper with a bluegrass feel
5. **Simple Life** (3:15) A bit of a social statement, with a wish and a waltz
6. **Where Ya Goin' With My Heart?** (2:51)  
Coulda been the blues, but swings a bit instead. This one's got the CD's only electric guitar track
7. **I'm Feelin' It Now** (4:38) Like the hangover that inspired the song, it's as sad as it is funny (and vice versa)
8. **The Repairman** (4:40) He's got the tools of the trade, and he knows how to use 'em !
9. **My Patchwork Quilt** (2:55) Metaphoric imagery for kids of all ages
10. **Letters From 1982** (4:59) Congas, musical saw, a ring of realism; the CD's esoteric tangent
11. **Don't That Just Suck!** (4:38) A ditty about things that go wrong (Live Audience participation!)
12. **An Armageddon Affair** (2:45) A funny, upbeat, bluegrassy end of the world as we know it. Might as well go out with a "bang!"
